Farmers To Get Information On Corn, Soybeans

Narrow rows, soil testing and specially developed seed, when combined, can produce 150-bushel-acre corn yields with a minimum amount of time and labor. If farmers utilize the latest corn growing methods, they can increase their income as much as \$30 per acre. This is also true for soybean production.

At the Greencastle Corn-Soybean Clinic scheduled for Friday, February 5, experts from equipment, seed, chemical and fertilizer companies will demonstrate how their various products will help farmers reach yields that were impossible a decade ago, and how modern methods can be applied in their own fields.

The clinic which begins at 9:30 a.m. at the 4-H Fairgrounds Building at Greencastle will have a morning and afternoon session ending with a panel discussion and wrap-up. There is no charge for the comprehensive program which will end about 3:30 p.m.

Walter Buescher of Allis-Chalmers will be master of ceremonies for the clinic. Discussions will range from pre-planting to harvest time beginning with Charles Zende of Allis-Chalmers who will speak on narrow rows, minimum tillage and other new planting methods.

Prescription fertilization and high fertility will be covered by Irving Haug of Smith-Douglass, with Emerson Wells following with seeds and seeding.

Fillmore Cub Scout Pack Meets

Fillmore Cub Scout Pack No. 96 met in the Fillmore Christian Church Monday evening.

Following the theme of America's Trailblazers, each boy had been asked to make a derby racer to resemble a covered wagon or trailblazer's wagon. Randy Sanders was awarded the prize for the most creative design for a wagon by Rev. McDaniel and Rev. Pyke, judges of the contest. An elimination derby race was held and was won by Eddie Hubbard.

Awards were presented by Rev. George Pyke, Cubmaster, to Eddie Hubbard, son of Mr. and Mrs. Leroy Hubbard, the Bobcat Pin, and to Robert Bowman, the Lion Badge and a gold arrow.

A Closing Pageant, "America's Trailblazers" was narrated by Den Mother, Sarah Osborn, and had all the Cub Scouts portraying famous men of American history.

The next pack meeting will be February 22, the annual Blue and Gold Banquet.

Brick Chapel Church Plans Youth Service

Brick Chapel Methodist Church will observe Youth Sunday with its youth conducting the 11 a.m. Divine Worship Service Sunday. Shirley Harris, president of the local MYF, will preside.

Steve Sanders will serve as acolyte. Larry Reeves and Arthur will assist the ushers during the service. Beth Hendrich will lead the Call to Worship.

The ceremony was ended with the Girl Scout circle and the singing of Taps.

Following the ceremony the guests were served refreshments of punch and cookies.

Leaders for the troop are: Mrs. Lyle E. Cooper, Mrs. Charles Kerr, Jr. and Mrs. Wendall Bitzer.

Three Hoosiers Killed By Train

By United Press International
Trains killed three persons in Indiana Thursday as the state's 1965 traffic fatality toll jumped to at least 88 compared with 71 a year ago. A fourth motorist was killed in another accident.

Edwin Alexander, 31, and Joe Branscum, 57, Pittsboro, were killed when their car skidded on a snow-glazed Indianapolis street into the path of a New York Central Railroad passenger train on the city's west side. Allen T. Good, New Orleans, La., was injured critically.

Meinrad Klein, 57, Vincennes, was killed when his farm truck was hit by a Baltimore & Ohio Railroad freight train just east of Vincennes. Klein's truck stalled on the tracks in the path of the train. He tried to move it off but failed, jumped out and tried to run to safety.

Her parents and three sisters preceded her in death.

Services will be held Saturday morning at the Flynn Nursing Home. Graveside rites will be conducted in the Brick Chapel Cemetery at 2 p. m. Saturday.

Navy Scientists On Ice Island

WASHINGTON UPI — Ten Navy scientists who have been drifting southward on an arctic ice island probably will have to be taken off in April.

The Defense Department said Thursday that the two-mile-long floe, known as "Arlis II," is beginning to disintegrate as it enters warmer waters.

The ice island, which is a half-mile wide and 50 to 60 feet thick, has drifted a total of 1,400 miles since the station was established on it off Point Barrow, Alaska, in 1961. The Pentagon said its drift into the Greenland Sea provided scientists with their first opportunity to study in detail a relatively unknown geographic area.

New School Bus Measure Passed

INDIANAPOLIS UPI — The Indiana House yesterday passed and sent to the Senate on an 83-8 vote a bill creating an entire new school transportation code governing school bus operation.

The measure sets standards for buses and drivers, makes safety regulations and provides for inspection of buses.

Companion bills allowing school corporations to finance the purchase of buses by issuing bonds or other security agreements and removing school buses from the motor vehicle traffic code requirement that they stop for railroad crossings were sent to the Senate by votes of 83-9 and 86-8, respectively. The school transportation code contains stiffer requirements for operation of buses at railroad crossings.

The only objection voiced to any of the bills came from Rep. James Hunter, D-East Chicago, who said the financing arrangement might tend to eliminate private operators of buses.

A bill changing the name of the Muscatatuck State School to the Muscatatuck State Hospital and Training Center was passed and sent to the Senate by a 92-0 vote.

LONDON UPI — A full-dress rehearsal of Sir Winston Churchill's funeral procession moved slowly through the streets of London today.

Before dawn bands, marines, soldiers and sailors massed in Parliament Square near Westminster Hall where Churchill lies in state until 6 a.m. 1 p.m. EST Saturday. A drum boomed the signal and the procession, stretching for a mile, moved out of the square at 65 steps a minute.

Police closed off side streets and early morning motorists parked their cars, got out and watched. As the procession came down the strand and entered Fleet Street, the newspaper section of London, printers left the composing rooms and went to the curbs.

To allow the procession to begin, the long line waiting to get into Westminster Hall was halted for seven minutes. At 7 a.m. 2 a.m. EST today 193,783 persons had walked past Churchill's coffin which rests on a catafalque 10 feet high.

They included a young American boy with a crew-cut who held a small Union Jack in one hand and the Stars and Stripes in the other. Blind people were led past the bier and their friends whispered a description of the scene to them. A group of disabled persons were taken through Westminster Hall in wheel chairs.

The black navat gun carriage on which Churchill's coffin will be carried Saturday was in the rehearsal line, drawn by sailors. It went up Dugate Hill to the great door of St. Paul's Cathedral and then was taken to the bank of the Thames. A barge will carry Churchill's coffin across the river Saturday to Waterloo Station from where it will go by train to the burial place near Blenheim Palace.

Thursday night Queen Elizabeth paid a signal honor to Churchill by going to Westminster Hall for a silent, five-minute tribute. She was accompanied by Prince Phillip, Princess Margaret and her husband Lord Snowdon. The party stood in the shadows of Westminster Hall and most of the persons walking by the bier were unaware they were there.

Financial Federation provided their first costly lesson.

The students bought 16 shares of the California stock early in the game. It cost them 63¢, a near high for the issue.

When the price slipped nearly four points in the next few weeks half the shares were sold. The class lost a modest \$29, but it decided to keep the future of Financial Federation under surveillance just in case.

The plunge continued. Hesitation cost another \$110 when they sold four more shares at slightly under \$35.

But in this case there was a happy ending. The class doggedly held on to its last four shares of Financial Federation. Shortly it read that the stock services recommended holding on to it.

Sure enough, they watched it add three points and found it returning a hefty earning. Elated by the vagaries of the market and the wisdom of their patience, they showed they were willing to forget and forgive. So they rewarded "FF" by immediately purchasing seven more shares.

There have been other lessons too.

Carbon To Host Youth Meeting

The Southeast Sub-District of the Terre Haute District M. Y. F. will hold its meeting in the Carbon Methodist Church Sunday at 2:30 p. m. Youth from the following Methodist Churches are expected: Bainbridge, Brazil - First, Brazil-Bethel, Brazil - Epworth, Brick Chapel, Carbon, Clinton Falls, Fillmore, Gobin Memorial, Harmony, Lena, Peniel, Raccoon, Reelsville - Canaan, Staunton and Union Chapel.

Miss Jan Gambill, of Brazil, will preside. A worship service will follow the business meeting. The Call to Worship will be given by Jacob Raubauch of Peniel. The Responsive Lesson will be led by Jamie Middle-dorf of Epworth. Sandy Bain of Reelsville will offer the prayer. The Offertory Prayer will be offered by Kathy Hendrich of Brick Chapel. The Benediction will be pronounced by a youth from Gobin Memorial. The Rev. Geo. W. Loveland, pastor of the Carbon Church, will speak on the theme "Youth". The Sub-district youth choir under the leadership of Miss Martha Aker will sing.

A philanthropist's \$4,000 long shot on two big unpredictables — college students and the stock market — may have been a pretty shrewd wager after all.

Exactly one year ago Colonel Henry Crown of Chicago staked a class of DePauw University students to a whirl on the stock market.

This week the learn and earn adventure wound up its first year. And today it submitted its annual report.

"Assets," it solemnly reads, "have dropped to \$3,898.32, a decline of about 2½% from the Colonel's original investment."

Fred Silander, an economics professor who teaches the course where the buying and selling is plotted, is undismayed by the report. On the contrary, he's quite optimistic.

"That's a lot of valuable experience for only a hundred bucks," Silander quickly reminds you.

"Considering the cost of doing business—we had \$142 in brokerage fees, I think they are doing quite well."

The students, he said, have completed 13 transactions. They have lost only slightly under \$25 while collectively mauling over the fate of 182 stocks. Their dividends have amounted to nearly \$85.

Beyond the sobering fact they have to recoup \$101.68 to balance the budget, Silander's bizz kids are beginning to get the drift, he thinks.

"Where many before knew nothing about the market, never read the financial pages and didn't know how to analyze stocks, this is fundamental to them now."

"They have become a lot more sensitive to the relationship of the stock's price to its earnings. They have begun to understand the problem of when to buy, avoiding the high market and taking a beating when the price inevitably falls."

Editorial-Wise

Congratulations Dick, Norm

We wish to congratulate Dick Sunkel and Norman Handy for being the recipients of the two top honors awarded annually by the Greencastle Junior Chamber of Commerce.

Mr. Sunkel's selection as the Outstanding Young Man of 1964 was, in our estimation, a splendid choice by the Jaycees. We have known Dick since he was a boy and he certainly has "a lot on the ball."

This also holds true in Mr. Handy being picked as the Outstanding Jaycee Boss for the past year.

Both are clean cut young men, ambitious, cooperative, and indeed a credit to our city.

We wish them the best of everything in years to come.

A Task Well Done

This is a belated tribute to the members of the Putnam County Mental Health Association, who worked so long and so hard, to provide gifts for patients in our state institutions.

We also want to commend those individuals and organizations that contributed to this worthy cause.

It is this spirit of endeavor and cooperation that means success for any type of campaign.

What a good feeling these folks must have knowing that they made so many less fortunate happy during the Christmas season.

You know, this activity only goes to prove that most Americans are mighty good people.

Chou Will Be Sukarno's Guest

TOKYO UPI—Premier Chou En-lai of Communist China will visit Indonesia in April at President Sukarno's invitation, it was announced today.

The announcement was contained in a joint communique signed in Peking at the conclusion of Indonesian Foreign Minister Subandrio's visit to Red China.

Radio Peking, monitored here, said Subandrio and his aides left the mainland capital by special plane after signing agreements for economic cooperation between the two countries and a loan from Red China.

The communique, reported by the official Communist New China News Agency, said Sukarno invited Chou and Foreign Minister Chen Yi of Communist China to attend the 10th anniversary of the first Afro-Asian conference in Bandung. It said Chou accepted with "pleasure."

South might scramble out of the trap if he switched to the lowest diamond in his hand after winning the first heart finesse. West would have to step up with the king of diamonds and lead his other heart to defeat the contract. This is a difficult defense.

Declarer is sure of his contract if he leads the queen of diamonds after winning the opening spade lead. He can safely set up a diamond trick and take the heart finesse later.

DAILY QUESTION

Partner opens with 2 NT (22 to 24 points), and the next player passes. You hold: Spade Q 5 2, Heart A Q 4, Diamond 10 7 3 2, Club K 9 2. What do you say?

Answer: Bid six notrump. You have 11 points, so that the combined count should be 33 to 35 points. This should be enough for a small slam but not enough for a grand slam.

Mrs. Boyd Attends Meeting in Texas

Mrs. John B. Boyd returned recently from Austin, Texas, where she attended a meeting of the Board of Trustees of the Delta Kappa Gamma Educational Foundation, of which she is a member. This was the first meeting of the Trustees of the newly-organized Foundation, established by The Delta Kappa Gamma Society. The Foundation has for its purpose the granting of graduate scholarships, the subsidizing of research and certain other types of educational service, the awarding of fellowships to women educators of other countries, and the rendering of aid to education in various other ways.

At the first meeting the Trustees authorized four graduate scholarships to be given in 1965-1966, in addition to the scholarships granted each year through the Delta Kappa Gamma Society's regular scholarship program. The stipends for these four scholarships will total \$10,000.

Another project considered at the recent meeting is one close to Mrs. Boyd's heart, for it calls for establishing some type of specific service by the Foundation for the aid of education in an underdeveloped country. The Board took the first step toward such a service project by authorizing the sending of a Trustee to an underdeveloped area for the purpose of exploring avenues of service. The board invited Dr. Ola Hiller, former International President of the Delta Kappa Gamma Society and a Trustee of the Foundation, to serve as the Board's representative in this exploration of possible services.

Epsilon Chapter, the local unit of the Delta Kappa Gamma Society, with Putnam County as its geographical base, has forty-eight members. The President of Epsilon is Mrs. Waneita Gibbs, a teacher in the schools at Russellville. The local chapter, through its committees, is this year carrying on research, making a grant-in-aid to a student preparing to teach, collecting and shipping books for libraries in Asia, promoting a campaign of reading among the chapter members, sending funds to help support a foreign fellowship holder in the United States, supporting educational legislation, and promoting the state and international scholarship program.

Medal, \$1,000 To Ohio Woman

PITTSBURGH UPI—An Ohio housewife who ran through a wall of flame to rescue a two-year-old boy from a neighbor's burning house was one of 25 persons cited by the Carnegie Hero Fund Commission Thursday for acts of bravery.

The housewife, Mrs. Mary B. Sipos, 38, who was pregnant at the time, was burned severely when she rescued David Disette in the fire at Brunswick, Ohio, last Sept. 28. She and the boy were hospitalized for more than a month.

Mrs. Sipos was awarded a silver medal and \$1,000.

Woman Testifies In Own Behalf

BLOOMFIELD UPI—Mrs. Carolyn Sally Britton, 30, serving a life sentence in the Indiana Women's Prison, testified in a hearing Thursday she was not mentally competent when she confessed to killing her husband.

The hearing is to determine whether Mrs. Britton will be granted permission to petition for a new trial.

Mrs. Britton entered the plea in February 1962, eight days after she was released from Norman Beatty Memorial Hospital where she was a mental patient for more than three months.

At that time, Mrs. Britton confirmed an earlier confession that she had poisoned her husband, Roy, 31, because she wanted to marry a bread truck driver who made deliveries to her home.

Mrs. Britton had been in mental hospitals on two previous occasions prior to her hospitalization following the killing.

The state said it would present evidence Friday to show that Mrs. Britton was competent at the time of her arraignment.

Harold E. Hall, 54, Southfield, Mich., was killed when a truck pulling a house trailer plunged over an embankment on U. S. 40 two miles east of Brazil. A big truck driven by Edward Walsh, 47, Columbus, Ohio, also plunged over the embankment, injuring Walsh.

30 Below Zero

Temperatures sank to 30 degrees below zero in the upper Midwest today behind a blast of bitter cold air that pushed on toward Dixie. Heavy rains sent rivers surging near flood stage in Oregon where the situation was termed "dangerous."

Divorce Due To Perfume Scent

LONDON UPI—When Eric Donald Mead, a London truck driver, returned home after long hauls, he always carried with him a suspicious scent of perfume. Mead's wife, Vera, assumed that he had made some stops along the highway not connected with truck driving.

The case wound up in a London divorce court Thursday. Vera filed suit against Eric and Eric filed a countersuit, charging that his wife was overly suspicious.

The judge granted the decree requested by Mead, ruling that the perfume scent was the result of his handling packing cases containing products of a cosmetic firm.

"Mrs. Mead was by nature suspicious," the judge declared, "and she voiced suspicions to a degree which she will never really appreciate. Her husband not unreasonably decided that he could not stand it any longer."

Mead testified that his wife nagged him throughout their 17-year marriage.

Collegians—

dents has a father or relative or friend on the board of some firm," Silander said. "So some one in the class gets 'the word' and the killing becomes imminent."

The last time this happened, Silander recalls, the class disconnected itself from Hawaiian Telephone to raise the needed collateral. Telephone stock subsequently went up \$6 in seven months. The can't miss stock dropped a half point in the same time.

The well documented arguments for favorite stocks wax eloquently each week after Silander's regular class meetings.

Bobbie Brooks, Inc., felt to be "a sound growth stock," won by a thread in a recent hot debate. It forced to the selling block such early favorites as Chrysler Corporation and Ridge Tool.

Uncertainty among the students about the Canadian mining industry sidelined Hudson Bay Mining—all three shares. Its departure filled the cash box for a romance with General Precision.

Thirty-two shares of Pan American Airlines, Bethlehem Steel and Miles Laboratory are currently undergoing the steely eyed scrutiny of the young investors.

Like every big operation there are a few kinks to iron out in this one too, Silander admits.

Each semester a different group takes over the operations. And each June some of the better and harder business heads graduate. Continuity becomes a problem.

The students' understandable desire for short term profits hasn't helped either.

"Each time a new class gets held of the stock," says Silander, "they feel they have to turn it over right away, demonstrate their expertise, show a quick profit. The average person wouldn't turn it over this often."

The battle to whip the intriguing experience into its best, most profitable format will continue, Silander promises.

"Even if we should continue at our present rate (an annual deficit of \$100), we can go on for 39 years. Not a bad investment for Colonel Crown and pretty good dividends for us too."

Ruby Examined

DALLAS UPI—Jack Ruby, the condemned killer of presidential assassin Lee Harvey Oswald, underwent an hour-long psychiatric examination in his cell Thursday.

Dr. Louis Joslyn West, head psychiatrist at the University of Oklahoma Medical School, refused to comment on the visit. West was accompanied on Thursday's visit by Ruby's

chief attorney, Phil Buleson. The lawyer left the cell soon after while West stayed.

Johnson Still Fighting Cold

WASHINGTON UPI—President Johnson, still convalescing from the severe cold which hospitalized him, today kept his official calendar clear of announced appointments.

The Chier executive returned to his desk Thursday for the first time since last Friday when he first noticed the beginnings of the cold and sore throat which sent him to the U. S. naval medical center at suburban Bethesda, Md., for 3 1/2 days.

Johnson had remained in the residential quarters of the White House, spending a good deal of time in bed, after returning from the hospital Tuesday afternoon.

But at 3 p. m. EST Thursday he went back to his office to work on some mail, confer with aides and sign documents—one of them a special message to Congress urging a constitutional amendment covering presidential disability and succession.

Katzenbach Is Attorney General

WASHINGTON UPI—President Johnson yesterday named Nicholas Deb. Katzenbach to be attorney general.

Katzenbach has been acting attorney general since last September when Robert F. Kennedy resigned to run for the U. S. Senate from New York.

Johnson also selected Ramsey Clark, 37-year-old son of Supreme Court Justice Tom C. Clark, to be deputy attorney general.

Katzenbach, 43, was the President's second cabinet appointment since he took office. He previously named John T. Connor as commerce secretary.

The White House said the nomination of both Katzenbach and Clark would be sent to the Senate today for confirmation. Clark has been assistant at-

torney general in charge of the lands division. He was appointed to that post in 1961 by the late President John F. Kennedy.

Katzenbach, who studied law in a German prisoner-of-war camp during World War II, came to national attention during an integration showdown at the University of Alabama in 1963.

Negro students, escorted by Katzenbach, entered the university despite the "school house door" stand by Alabama Gov. George C. Wallace against integration.

Freshmen Team Upsets Brazil For 13-1 Record

After a two week lay off, the Greencastle Junior High basketball teams returned to action this week.

On Monday evening the Freshmen team defeated the Terre Haute Garfield "C" team made up of sophomores, by a score of 49-35. Norris with 9 points, See with 10, Frye 8 and R. New 9, led a balanced scoring attack for the local Freshmen team.

Last evening the local Freshmen pushed their season record to 13 wins and 1 defeat by downing the Brazil Freshmen, 54 to 26.

After a slow first quarter ended 11-10 with Greencastle on top, the game opened up. Greencastle lead at the half 24 to 15. As usual Greencastle played its best in the second half. In the final period of play, Brazil was out scored 22 to 4.

The victory for Greencastle featured good hard fought defense and a strong backboard game which helped make possible the Freshmen's major weapon, the fast break.

In the evenings opening game, Brazil's undefeated 8th grade team made Greencastle its 9th victim in a row. The never say die Greencastle 8th

grade team made a game of it up to half time, only to see Brazil move away in the final half of play. The 8th grade score by quarters follows: 6 to 6, 19 to 16, 34 to 21, and 45 to 28. Brazil the winner.

At Least Four Assistants Will Follow Pont To I.U.

BLOOMINGTON, Ind. UPI—At least four and possibly five assistants will join newly-appointed head football coach Johnny Pont in moving from Yale to Indiana.

Those appointed to the Hoosier staff so far, according to athletic director Bill Orwig, are Ernie Plank, Jay Fry, Herb Fairfield and C. W. (Jake) Van Schoych.

Orwig said a fifth Yale assistant, Carmen Cozza, may also be named to the I. U. staff if he is not named successor to Pont at the Ivy League school.

Van Schoych is the only one of the group that was not a member of Pont's staff at Miami of Ohio, and while he did graduate work there, he joined Pont at Yale.

Plank is an end coach and has had primary responsibility for pass offense and defense on Pont's teams at Miami and Yale. He was captain of the Miami football team when Pont was in his sophomore year there.

Fry was also a football standout at Miami, and later played with the Los Angeles Rams professional team before returning as an assistant to Pont in 1956.

Fairfield was assistant and freshmen coach at Miami after a three-year grid career there

ending in 1958. He completed graduate work at the University of Southern Illinois before joining Pont's staff.

Van Schoych is the only non-Miami graduate on the staff, although he earned a master's degree there in 1960. He starred in four sports at Wilmington Ohio College, then coached high school teams and completed graduate work before joining Pont in 1963.

Tea Tasting is an Art

Did you know that the tea we buy today is a blend of 20 or more varieties? Expert tea tasters with highly developed senses of taste and smell choose which teas should be blended to provide the special characteristics of the tea you prefer. One may be chosen for its flavor, another for body, a third for bouquet, a fourth for color.

The most important group of tea tasters is the U.S. Board of Tea Experts. The seven members, chosen from industry and government, meet once a year in February to set the standards for the tea which can be imported into the country. No tea will be admitted into the U.S. unless it meets these standards.

Purdue Loses Jones Third Year On Grades

LAFAYETTE, Ind. UP — The Purdue Boilermaker basketball squad suffered a severe blow Thursday with the announcement that its 6-8 center, Bill Jones, had become ineligible for the remainder of the season.

The senior, who had played the best game of his career only last Saturday night, learned that he had failed on course and may be dropped from school unless an appeal he has filed with the professor of the course is granted. This is seldom done. Officials explained the appeal is the prerogative of all students, but grade alterations are rare.

Jones, who missed half of his sophomore and junior seasons because of academic troubles, is expected to make his last appearance for the Boilermakers Saturday against Michigan here. A former star on Indianapolis Crispus Attucks' state championship high school team in 1959, Jones scored 23 points in a losing effort against Mich-

igan at Ann Arbor last Saturday night.

The Boilermakers, at 1-3 in Big Ten Play, have received a severe blow because Jones and 6-9 sophomore Tom Niemeyer were beginning to jell with top scorers Dave Schellhouse and Bob Purkhiser to provide a potent Purdue offense.

Jones was the team's leading rebounder with an average of 10 per game. His scoring mark was 7.6 despite a knee injury that hampered early-season efforts.

Select Hays

WASHINGTON UPI — A Salt Lake City, Utah, man has been picked to direct congressional relations for the Peace Corps.

J. Andrew Hays, labor relations administrator for the western mining division of Kennecott Copper Corp., will take over his new post Feb. 1, it was announced Thursday.

Gary Frobel Retains Lead In Valley Tourney

INDIANAPOLIS UPI — No. 1 rated Gary Frobel and the favorites in the quarter finals of the Wabash Valley Tourney came out of Thursday night's light Indiana high school basketball schedule unscathed.

Frobel, which led the latest UPI Coaches' poll, extended its season record to 14-1 over Hammond Tech, 98-76. It was the 12th straight win for Frobel which also used the Northwest Conference match to push its loop record to 8-0 for a commanding lead.

Tech's Dan Wright hit for 25 points, tops for the game, to continue leading the conference individual scoring race.

The form chart was followed letter for letter in the Wabash Valley tourney quarter-finals with a pair of overtime thrillers to enliven the evening.

Switz City, the 1965 champ, squeaked by Eastern, 66-64, in an overtime contest that was won in the final two seconds on a shot by Mike Terrell. Switz City scored five points in 22 seconds in the overtime.

Terre Haute State had an equally hard time with its county cousins, West Vigo, using two overtime sessions to finally win, 69-67.

Loogootee St. John's, defending champ, had an easy time with Wheatland, 83-63, and twice-rumored Attica slipped by Covington, 60-50.

In the semi-finals at Terre Haute, Saturday afternoon Switz City will battle Attica and Loogootee St. John's is matched against Terre Haute State, the winners of the two games meeting that night for the crown.

Liston Starts Legal Bout In Denver Court

DENVER UPI — Former heavyweight champion Sonny Liston, whose encounters with the police have been about as successful as his last title bout with Cassius Clay, stepped back into the legal ring today.

It was Liston in one corner and representatives of the Denver district attorney's staff in the other. The purse at stake was a fine of up to \$1,000 and a jail sentence of up to one year.

Liston was hopeful of getting neither. He pleaded innocent to a charge of drunken driving. The 30-year-old boxer's trial was to begin with the selection of a jury of six.

The Denver fighter's latest legal match was the result of a Christmas day "shoving" incident which kept police officers busy and ended up with Liston behind bars for four hours.

Police said Liston was "uncooperative" after they stopped his 1965 Cadillac and questioned him. They finally put him into a police wagon and hauled him off to jail.

It was the third time within the last 12 months that Liston had found himself in trouble with the law. Early last spring he was given a suspended jail sentence and fined \$600 for reckless driving and carrying a concealed weapon.

He was fined again two weeks later after he was arrested for speeding.

Aces Up Record To 15-0, Remain No. 1 In Ratings

The undefeated Evansville Aces have nine games remaining on their regular-season basketball schedule and none among them is likely to be tougher than the final one against Southern Illinois.

Southern Illinois almost knocked the proud Aces off the unbeaten path last week, finally succumbing, 81-80, on an Evansville basket in the final seconds.

The Triumph pulled another one over Ball State later in the week lifted the Aces' record to 15-0 and enabled them to maintain first place in the latest Associated Press weekly small - college poll.

Evansville's remaining opponents are Valparaiso and Indiana State twice each, plus DePauw, St. Joseph's of Indiana, Butler, Kentucky Wesleyan and Southern Illinois, the last on February 27.

Iowa Will Meet UCLA Tonight

CHICAGO UPI — Iowa, a Big Ten basketball team which has been flying at unexpected altitudes within the conference, steps out against the nation's best tonight when it meets UCLA on a neutral court.

The Corn Belt basketballers lead the Big Ten into action this weekend, coming to the Chicago Stadium to engage the top-ranked Uclans in part of a college cage doubleheader. Loyola and Wichita meet in the other half.

Illinois, the league's third place contender, also faces non-conference opposition. The Illini provide the first half of another Chicago Stadium doubleheader on Saturday in a clash with Notre Dame while UCLA returns to face Loyola.

In the Big Ten's most important game of the weekend, Michigan gets a chance to improve its perfect conference record to 5-0 and was favored ranked No. 2 nationally, play at Purdue.

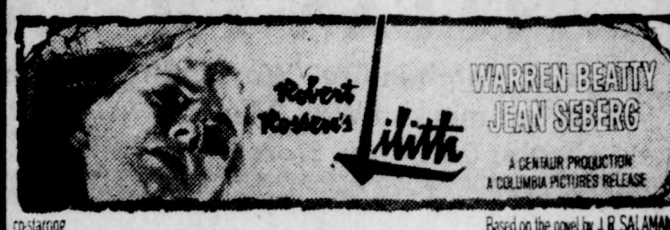

In other conference action, Michigan State is at Northwestern in a televised afternoon game and Wisconsin, owner of one victory in four league starts, visits winless Ohio State.

DEPAUW'S NEW TRACK CAPTAINS HOPE TO SNOW OPPOSITION

Several inches of snow doesn't stop DePauw University's newly elected track captains from a little pre-mature muscle flexing. While Terry Johnston, right, works on his shot put form, Arnold Berney gets the feel of his moth-balled javelin. Johnston, of Valparaiso, holds the school's shot put mark and Berney, of Indianapolis, holds the second longest javelin heave on DePauw's books.

LIVING COST UP By Per Cent
WASHINGTON UPI—Living costs, influenced by slightly higher transportation prices, rose one-tenth of 1 per cent during December, the Labor Department reported today.
The consumer price index stood at 108.8 in December, meaning that goods which cost \$10.87 in November edged up to \$10.88 last month.
The department called this a modest, non-inflationary increase. It attributed the rise to higher prices for used cars and gasoline, and increased bus fares.
Take home pay for about 13 million factory workers rose in December to an all-time high, more than offsetting the slight increase in living costs.
The cost-of-living increase was caused largely by the higher transportation costs, but a rise in prices for fresh vegetables also contributed to the advance in the consumer index. For the entire year, the price index was up 1.1 per cent, the smallest annual increase since 1961. The Labor Department said this was characteristic of "the moderate advance" in consumer prices over the past several years.
The price increases will mean a one-cent-an-hour pay raise for about 45,000 workers whose wages are tied to the cost of living index.

300 WHITES KILLED CAIRO, U.A.R. UPI — The Middle East News Agency MENA Thursday quoted a leader of the Congolese rebels as saying that his forces killed 300 white mercenaries last Thursday, "including Americans, Israelis, exiled Cubans and South Africans."
